

NTOKOZO KHUMALO

24 YEARS OLD, MATHEMATICIAN, DATA ANALYST & TEAM MANANGER

PROFILE INFO

As a someone who did mathematics from the University of Cape Town (UCT), I leveraged my analytical expertise to transition into a successful Team Management role at Wise. With a passion for data-driven decision making, I lead high-performing teams to achieve strategic objectives. My unique blend of mathematical problem-solving skills and leadership acumen enables me to drive process improvements, talent development, and business growth. I thrive in fast-paced environments, fostering collaborative cultures and delivering results-driven solutions.
